ABOUT US

RITCOIN

Ritcoin (RT) is an innovative token on the Ramestta blockchain, designed to reshape how individuals generate income in the crypto landscape. Our contract allows the owner to mint RT Coin in any quantity, creating flexibility and opportunity for our community. With a built-in 0% burn rate on every transaction, we ensure a decreasing supply in the market, enhancing the token's value over time. Ritcoin offers six distinct income streams: Minting Income, Referral Bonuses, Team Minting Income, Bounty Income, Fixed Time Income, and Rank and Reward. This multifaceted approach not only incentivizes participation but also fosters a vibrant community. Join us as we innovate wealth generation and collaboration within the blockchain ecosystem, paving the way for a prosperous future for all our members.

RITCOIN

VISION

1. E-Commerce Platform:

Our vision is to build a comprehensive e-commerce website that provides users with a wide variety of products, ensuring convenience and accessibility for customers across cities and villages alike.

2. Offline Marts:

Along with our online platform, we plan to open physical marts in various towns and cities, offering a seamless offline shopping experience and meeting local needs with personalized service.

3. Small Factories:

We aim to establish small factories in rural and urban areas, contributing to the local economy by creating job opportunities and supporting small businesses. These factories will help promote local manufacturing and economic development.

4. Employment Generation:

Our vision is to create platforms and factories in every town and village where local talent can find jobs and enhance their skills. We aim to ensure that people can secure meaningful employment near their homes, allowing them to provide a better life for their families.

5. Profit Sharing:

We believe in shared growth, which is why we will distribute 10% of our total profits among all our users, ensuring that everyone who joins us benefits from our success.

RITCOIN

MISSION

1. Create an E-Commerce Platform:

To develop a user-friendly e-commerce website that offers a diverse range of products for customers from all regions, making online shopping easy and accessible.

2. Expand with Offline Marts:

To launch offline marts across cities and towns to cater to the needs of local shoppers, creating a seamless online and offline shopping experience.

3. Support Local Economies:

To establish small-scale factories in villages and towns, promoting local manufacturing, encouraging entrepreneurship, and generating employment opportunities.

4. Job Creation:

Establish small-scale factories and centers where people can work in their local areas, reducing the need to migrate to distant cities for employment, and allowing them to stay close to their families.

5. Profit Distribution:

To reward our loyal users by sharing 10% of our overall profits with them, fostering a community where everyone grows together.

TERMS AND CONDITION

→ Eligibility:

To be eligible for receiving 100,000 tokens, the user must fulfill the following conditions:

Join our official YouTube channel.

Join our official Telegram group.

Follow our official Instagram account.

Make a payment of \$11 (USD).

→ Instant Token Distribution:

Once the user successfully completes all the above steps, they will instantly receive 100,000 tokens in their wallet/account. The tokens will be transferred automatically as soon as the system confirms the user's actions and payment.

→ Payment:

The user must pay an amount of \$11 (USD) via the provided payment method. This payment is non-refundable.

→ Verification Process:

Our team will verify the user's participation in the YouTube, Telegram, and Instagram platforms. Users must provide accurate and valid details for verification purposes. Any false information will result in disqualification from receiving tokens.

→ Disqualification:

Failure to complete any of the conditions or providing false information may result in the user being disqualified from receiving the tokens.

→ Usage of Tokens:

The 100,000 tokens received by the user can be used as a form of credit on our platform.

10% to 50% of these tokens can be utilized for purchases on our e-commerce website and offline marts.

The remaining tokens can be saved for future purchases or other uses that will be announced later.
